UNION RECOGNITION

2.1 The District formally acknowledges the Union as the recognized employee organization within the meaning of Section 3501(b) of the Government Code, with respect to wages, hours and other terms and conditions of employment for all of its employees within the following described unit:

All regular employees of the Merced Irrigation District, Merced, California, excluding all office clerical employees, supervisors, professional employees, management and confidential employees as defined in the Public Organizations Act.

2.1 (a) It is agreed that neither the District nor the Union shall unlawfully discriminate against any employee because of race, religious creed, national origin, marital status, age (over 40), sex, disability, sexual orientation, Union membership or non-membership, or legally protected Union activity.

2.2 Employees of the District shall have the right to form, join and participate in the activities of the employee organization of their own choosing for the purpose of representation of all matters of employer-employee relations, including, but not limited to, wages, hours and other terms and conditions of employment. Employees of the District shall also have the right to refuse to join or participate in the activities of employee organizations and shall have the right to represent themselves individually in their employment relations with the District. Nothing herein shall prohibit any employee from appearing on his/her own behalf in his/her employment relations with the District. No employee shall be interfered with, intimidated, restrained, coerced or discriminated against because of his/her exercise of these rights.

2.3 In consideration for the services as their representative, each regular employee covered by this Agreement who is not a member of the Union shall, as a condition of continued employment, pay to the Union each month a sum equal to that paid by employees in the bargaining unit who are Union members, which amount shall be limited to the amount of the Union's regular and monthly dues and its general and uniform assessment. Such payments shall commence thirty (30) days following the date of the execution of this Agreement. Upon written request from the Union, the District shall terminate the employment of any employee who does not comply with the foregoing.

2.4 Union representatives will be permitted access to District property to confer with District employees on matters of employer-employee relations, but such representatives shall not interfere with the work in progress.

2.5 The District recognizes the Union's right to appoint Shop Stewards. The Union agrees to notify the District in writing as to such Shop Stewards' identities and of subsequent appointments, if any. The parties agree that employees appointed as Shop Stewards for and by the Union shall, nevertheless, be required to and shall work full time in their respective classifications and shall not interrupt the work of other employees. A steward may, with the permission of his/her supervisor, leave his/her work during working hours for reasonable periods to investigate pending grievances and to present said grievances to representatives of the District, provided, however, that no steward shall leave his/her job while his/her presence is necessary for the safe conduct and efficiency of the operations in which he/she is engaged.

2.6 The District shall permit the Union to use the bulletin boards at the District Office, Franklin Yard, Exchequer Powerhouse and the Parks Department for the purpose of posting notices pertaining
to Union business, provided, however, that no matter derogatory to the District shall be posted thereon.

2.7 The District recognizes the right of employees to attend Union meetings. However, if a Union meeting is scheduled during the assigned shift of an employee, he/she will need to make arrangements with his/her supervisor for the period he/she will be absent from work.

2.8 Joint Assistance. In the application and administration of this agreement, both parties shall have the right to call upon each other for assistance in interpretation or discussion of any problem which affects an employee or group of employees. The District and the Union shall honor such requests promptly in an effort to seek a harmonious solution to such problems that may arise. Further, the District and the Union shall cooperate in promoting harmony and efficiency among District employees.

2.9 The District shall deduct from their wages the regular membership dues of employees who are members of the Union and who individually and voluntarily authorize such deductions in writing in accordance with the provision of Section 1157.3 of the Government Code of the State of California. The District will notify the Union when an employee has completed his/her probationary period.

Dues deductions shall be made from each payroll period of each month, and a check for the total deduction, less a cost for administration, together with a list of employees covered, shall be submitted to the Financial Secretary of Local Union No. 1245, International Brotherhood of Electrical Workers, AFL-CIO, 30 Orange Tree Circle, Vacaville, CA 95696, on or before the tenth day of the following month.

The form of check-off authorization shall be approved by both the District and the Union.

2.10 All non-IBEW bargaining personnel shall not perform the work normally assigned to employees in the IBEW Local 1245 bargaining unit except during: (1) instruction or training; (2) testing new or modified equipment or processes; (3) checking the quality or quantity of work; (4) emergencies; and (5) incidental assistance.

ARTICLE III
HOURS

3.1 All employees will receive full time employment for each workweek employed, provided they report for duty and are capable of performing their work. This is not to be interpreted to mean that the District does not retain the right to lay off or release employees on account of lack of work or other valid reasons pursuant to Section 11.1.

3.2 Employees shall report for work at their regularly established District headquarters and shall return thereto at the conclusion of the day's work, and the time spent in traveling between such headquarters and the job site shall be considered as time worked.

3.3 Except as otherwise provided, the workweek is defined to consist of seven (7) consecutive calendar days and the basic workweek is defined to consist of five (5) workdays of eight (8) hours each and shall begin Monday and run through Friday. The regular hours of work for all employees, working out of Franklin Yard shall be from 7:00a.m. to 3:30p.m. A meal period of thirty (30) minutes will be from 12:00 to 12:30p.m., provided, however, that the regular lunch period may be advanced or delayed one (1) hour or less when work must necessarily be performed during the regular lunch period. Such a change in the lunch period shall not be deemed to require the payment of overtime. There will be two (2) fifteen (15) minute breaks in the workday, one (1) in the morning and one (1) in the afternoon. Break time will not be
accumulated beyond the morning and afternoon break. If a break period is not taken, the employee is not entitled to an earlier quitting time or payment of overtime.

3.4 The workweek and the hours of work of park employees and Distribution System Operators (during the irrigation season only) shall be regularly scheduled and may start on any day of the week and any hour of the day. The DSO schedule during the irrigation season is defined to consist of seven consecutive workdays being from mid shift on Thursday to mid shift on the following Thursday and the basic workweek is defined to consist of three workdays of twelve hours and one workday of six hours with the next consecutive workweek consisting of one workday of six hours and three workdays of twelve hours, the work schedule includes two hours of scheduled overtime each workweek. A meal period of sixty minutes will occur at mid shift. Flexibility of the meal period and break periods are as defined in 3.3 above. The District and Union further agree to discuss the Park Rangers work schedule and how and when it can be changed.

3.5 A Department Head may require any employee in his/her department to perform service in excess of five (5) days per week when public necessity or convenience so requires.

3.6 The regular hours of work may be changed by mutual agreement between the District and the Shop Steward. Such changes in the regular hours of work shall not be deemed to require the payment of overtime.

3.7 Employees within the same classification and work group may exchange workdays and/or hours when the supervisor in charge gives his/her approval thereto, provided that any such exchange takes place within two (2) consecutive pay periods of the employees involved and does not require the payment of overtime compensation.

3.8 Overtime is defined as (a) time worked in excess of forty (40) hours in a workweek; (b) time worked in excess of eight (8) hours on a regularly scheduled workday (except Distribution System Operators during the irrigation season); (c) time worked on a non-workday; (d) emergency or other work outside of regular hours of work on a workday; and (e) time worked on a holiday. Overtime shall be computed to the nearest one-half (1/2) hour. No combination of above shall exceed 2 times regular pay.

3.9 Any employee called out to work outside his/her normal working hours will be paid a minimum of three (3) hours at the overtime rate of one and one-half (1-1/2) times his/her straight time rate of pay. In no event will an employee be paid for a second minimum call out before the three (3) hours have elapsed from the previous minimum three(3) hour call out. The District will pay double time for flood fighting work performed after dark (sunset) and will furnish meals for flood fighting crews.

3.10 Overtime shall be compensated for in pay or in equivalent time off at the option of the employee.

3.11 Compensatory Time Off Policy: Subject to the following limitations, any regular employee eligible for overtime pay may choose to accept compensatory time off (CTO) in lieu of cash compensation for earned overtime. CTO will be granted at the rate of one and one half (1-1/2) hours of straight time compensation for each hour of overtime earned.

(a) The maximum accumulation of CTO at any time shall be limited to 240 straight time hours.

(b) An employee shall decide whether earned overtime will be recorded as overtime, CTO or an equivalent combination prior to submission of his/her next time sheet.

(c) An employee request to use accumulated CTO shall be granted at the sole discretion of the Department Supervisor with due consideration to both the wishes of the employee
and the efficient conduct of District business. Two (2) working days written notice is required. However, if the Supervisor feels the workload is such that shorter notice is acceptable, he/she may grant CTO accordingly.

(d) CTO shall not be used in the same pay period in which it is earned.

(e) CTO may not be used in lieu of vacation required to be taken in accordance with Section 6.2.

ARTICLE IV
JOB CLASSIFICATIONS, WAGES AND FRINGE BENEFITS

4.1 The list of job classifications and applicable wage rates set forth in Appendix "A" of this Memorandum is a part of this Memorandum, such rates being effective on the dates provided for therein.

4.2 The District may establish new, regular classifications. The District will discuss with the Union the job definitions and the wages therefor. Pending said discussions, the District may establish temporary classifications and wages therefor and temporarily adjust the wages and duties of any classification.

4.3 When an employee is temporarily assigned to work in a classification higher than his/her regular classification, he/she shall be paid for the time worked in the higher classification at the rate therefor, provided that such time worked is not less than two (2) hours during the day. Such time worked may be accumulated over an eight (8) hour period by intervals of not less than one-half (1/2) hour. For the purpose of wage rate progression in a temporary classification, the time worked by an employee in other than his/her regular classification shall also be accrued in such temporary classification regardless of pay status. 2080 hours of accumulated time worked shall constitute one step increase. An employee who works in the re-rated classification the day prior to and the first working day after a holiday shall be paid at the higher rate for the holiday.

4.4 An employee who is regularly or temporarily assigned to a classification having a higher maximum wage rate shall be paid at the highest wage rate of the following:

(a) The first step of the wage progression of such classification which is higher than his/her present wage rate; or

(b) The wage step in the higher classification determined by the time previously accumulated in such higher classification.

4.5 When assigned to replace a non-bargaining unit employee who is absent or out of the District, the upgraded employee will be paid at the next higher step in the non-bargaining unit employee’s salary range that is at least 5% above his/her current rate of pay, provided that such time worked is not less than two (2) hours during the day.

4.6 Every employee shall have a salary and a service anniversary date. They are defined as follows:

(a) Service anniversary date: the last date an employee is hired or rehired into a permanent position.

(b) Salary anniversary date: the first day of the month following the month of his/her appointment to a particular classification, except that if an employee is appointed on the first day of a month, his/her salary anniversary date shall be the first day of that month.
4.7 Prior to the employee's salary anniversary date, the employee's individual employment record shall be reviewed by the employee's Department Head through an evaluation process that includes but is not limited to: (1) A review of the contents of the employee's personnel file; and (2) a review of completed evaluation forms, both of which are to be reviewed with the employee. If shown that the employee is progressing in his/her work, and that the employee has exhibited increased knowledge of the District, all as determined by the Department Head, in conjunction with the employee's supervisor, the employee's salary will be increased to the next progressive step. This annual evaluation process is in effect whether or not a step increase is involved.

4.8 (a) In the event that the Department Head and supervisor have determined, after completion of the employee evaluation process, that the employee's performance has been unsatisfactory or below job standards, the employee will remain on the same salary step until advancement is earned, at which time a new salary anniversary date will be established. In order to determine such advancement, the Department Head shall conduct an employee evaluation after six (6) months, and a second employee evaluation after one (1) year, following the determination that the employee's performance has been unsatisfactory or below job standards.

(b) In the event that the Department Head and the supervisor have determined, after completion of the annual evaluation process, that the employee's performance has been considerably above job standards, the employee may be advanced more than one step above his/her current salary, within his/her classification.

4.9 Individual personnel records shall be kept on each employee in a personnel file. These personnel files shall contain instances of outstanding performance, alertness, diligence and interest in the work, as well as any acts which may tend to lessen an employee's value to the District; dates and circumstances will be recorded for each notation. The personnel files will also contain employment applications, permanent personnel actions and evaluation reports. Employees will be notified of any document that the District intends to make a part of the employees' official personnel files and which will have an adverse impact on the employees' employment status, including eligibility for promotion and transfer. Personnel records are confidential records and will be divulged only to the employee concerned and authorized personnel. All adverse impact documents will be removed from the individual's personnel records eighteen (18) months after the event causing the creation of such document, provided an incident of a similar nature has not occurred in the interim.

4.10 Certain regulations and the procedures for disciplinary action are provided to promote understanding of what is considered unacceptable conduct and to encourage consistent action in the event of violations. The orderly and efficient operation of the District requires that each and every employee maintain proper standards of conduct and satisfactory performance while on duty. Every employee is expected to perform his/her job in a safe and efficient manner, with all due regard to fellow employees. If employees fail to maintain at all times proper standards of conduct, they are subjecting themselves to possible disciplinary action up to, and including discharge.

Following are acts which may be the basis for taking action from withholding annual salary advancement, suspension, reduction in pay, up to and including discharge from employment:

1. Fraud in securing employment.
2. Incompetency.
3. Inexcusable neglect of duty.
4. Insubordination.
5. Theft of District property.
6. Under the influence of alcohol or illegal drugs while on duty.
7. Inexcusable absence without leave.
8. Violation of District rules, regulations or policies.
10. Violation of District safety rules or failure to perform work in a safe manner.
11. Any act or series of acts which adversely affects the District's efficiency or reflects discredit upon the organization.

NOTE: Whenever possible the employee must be notified of any alleged violation of the above, verbally or in writing, within 72 hours of the incident. Failure to do so will constitute a breach of time limits.

PROCEDURES

1. Correction and Disciplinary Action

Normally, corrective or disciplinary actions will be administered in the following order. This order is not mandatory, however, and the supervisor or department head can administer any action which is warranted by the circumstances. A Union representative must be present if any of the following procedures are implemented. All disciplinary procedures are subject to the appeals procedure.

(a) **Oral Reminder.** The supervisor calls the employee into the office, discusses the offense, reminds the employee of the importance of his/her conduct, and expresses confidence that this will be the last time they will need to discuss it.

(b) **Written Reprimand.** The supervisor calls the employee into the office and discusses the offense in a supportive, but serious manner. A Notice of Employee Reprimand is filled out, which includes the following information:

   (1) A statement of the District policy, rule, or regulation which the employee has violated.
   (2) A statement of the problem that has led up to this reprimand, if applicable.
   (3) Reference to any previous reprimands, oral or written, that have been given to the employee in the past 18 months.
   (4) A statement from the employee.
   (5) Further action that may be taken, if any.
   (6) The employee's signature.

(c) **Suspension (Day of Occurrence).** A supervisor can suspend an employee without pay for the day of the occurrence in which disciplinary action is required by giving the employee oral notice of:

   (1) The suspension.
   (2) The reasons for the suspension.
   (3) The right to appeal.

(d) **Suspension (10 Working Days or Less).** A supervisor can suspend a full-time permanent or probationary employee (with approval of the Department Head) for 10 working days or less without pay by giving the employee written notice. The written notice (sent by registered mail or hand-delivered to the employee signing for it) must include:

   (1) The length of the suspension.
   (2) Reason for the suspension.
   (3) Date the suspension becomes effective.
   (4) The right to appeal. (This must be done by the employee within 10 working days after the day of the suspension).
(e) **Discharge.** An employee who is discharged must be given at least 5 working days notice before a discharge can become effective. A discharge requires the approval of the Department Head and the General Manager. The written notice (sent by registered mail or hand-delivered to the employee signing for it) must include:

1. A separate "Notice of Intended Disciplinary Order and Opportunity to Respond."
2. An "Order for Disciplinary Action."
3. Reasons and cause for the decision to discharge.
4. The employee's right to appeal.

4.11 New employees shall be hired at the hiring rate in effect for the particular classification to which appointment is made.

4.12 Whenever an employee is promoted, receives a salary range change, or is reclassified on his/her anniversary date, he/she shall receive at least the salary for the step next higher than the amount he/she would have received on his/her anniversary date in the former position.

4.13. Any employee who is promoted to a position in a classification with a higher salary range than the classification or position which he/she formerly occupied shall receive the salary in the higher salary range as provided for in Section 4.4 of this Memorandum, as of the date upon which the promotion becomes effective. For purposes of further annual increases within the salary range, the employee shall receive a new salary anniversary date.

4.14 All persons employed by the District are hired subject to salary deductions covering Federal income tax, State income tax, Social Security, State Disability Insurance (S.D.I.), medical and hospital insurance premiums for dependents, retirement deductions, and Union dues provided that the employee has authorized the District to deduct his/her Union dues in accordance with the provisions of Section 2.9 of this Memorandum.

4.15 Reassignment: If an employee's driving privileges are revoked by the State of California or if the employee is a negligent driver as defined by the State of California, such employee's driving privileges for the District shall be revoked until such status is lifted. If the employee, who is a negligent driver as described above or who has revoked driving privileges, is in a classification that requires driving, the employee will be reclassified to a Utilityperson I position at the rate of pay equivalent to the employee's length of employment with the District. The employee will remain in this Utilityperson I classification until his/her driver's license is restored, and he/she is no longer a negligent driver as defined by the State of California, at which time he/she will be eligible to bid on any open position that he/she is qualified for. During the period of time the employee is demoted hereunder, the employee will be eligible to bid on any position that does not require driving within the District.

4.16 The District will pay a shift differential of 5% for permanent employees who begin a regularly scheduled shift after 10:00am or before 6:00am. This provision does not apply to Distribution System Operators.

5.1 Holidays are established as the following:

- New Year's Day
- Martin Luther King Jr. Day
- Washington's Birthday
Memorial Day
Independence Day
Labor Day
Veterans’ Day
Thanksgiving Day
Day after Thanksgiving (Birthday)
Last working day before Christmas
Christmas Day

5.2 When any of the above holidays fall on a Saturday or a Sunday, the Friday before or the Monday following will be observed as the holiday, however, the District will conform with other local public agencies in observance of these holidays.

5.3 Notwithstanding the foregoing, employees may be scheduled to work on holidays which fall on their workdays. All employees who are required to work on holidays will be paid at the overtime rate and employees may elect the O.T. rate or CT.

ARTICLE VI
VACATIONS

6.1 Vacation leave shall consist of ten (10) workdays after the completion of one (1) year of continuous employment; fifteen (15) working days after five (5) years of continuous employment; 17.5 days after 10 years (10) years, twenty (20) working days after fifteen (15) years of continuous employment; and twenty five (25) working days after twenty five (25) years of continuous employment. Absence because of injury or sickness which is covered by accumulated sick leave shall not be a bar to the granting of annual vacation as herein provided. The granting of any leave of absence without pay exceeding fifteen (15) calendar days shall cause the employee’s eligibility date for the annual vacation to be postponed a number of days equal to the number of calendar days the employee is on leave without pay, less the first fifteen (15) calendar days of such leave.

6.2 All earned vacation shall be taken during the year immediately following the year in which it is earned, except that an employee may accumulate up to two (2) times their entitlement, there are no provisions to increase this accumulation. Vacation accruals shall cease, after sixty days notification, for any employee when the time accumulated reaches the maximum allowed. Accrual will be reinstated when accrued time falls below the maximum. There is no provision for retroactive reinstatement of any time lost under these circumstances. During the sixty day period the employee may submit, in writing, to the General Manager for special consideration, a reason to increase the maximum for special circumstances. During the first week of December of each calendar year any employee may make application to cash in up to one-half of his/her vacation entitlement for that year, this is only available in December of each year. Vacation time may be used for days of illness, attendance at funerals or other emergencies. Employees will be allowed to use accumulated vacation pay to supplement Worker's Compensation.

6.3 Vacation schedules will be submitted to each Department Head. Vacations shall be arranged in such a manner as not to interfere with District operations at any time during the year. First choice for vacation time will be governed by seniority of the employees in case of over-demand for any particular period. Park Rangers may be restricted to one week if requesting vacation during the recreation season, defined as Memorial Day weekend to Labor Day weekend.

6.4 An employee about to resign, retire or be laid off shall be entitled to vacation time. The number of days shall be computed by multiplying the number of months worked since the anniversary of employee’s employment by 10, 15, 20 or 25 (depending upon total time of continuous employment), and dividing by 12, the result being rounded off to the nearest full day.
ARTICLE VII
PAID SICK LEAVE

7.1 Full accumulation of sick leave is provided for employees at the rate of one (1) day per month at the commencement of continuous employment. Sick leave may not be used during the first six (6) months of employment, except in conjunction with the waiting period due to industrial injury, but the accumulation thereof may be used after six (6) months. Sick leave shall start with the first full day or fraction thereof of absence due to illness or off-the-job injury, and will be at the rate of 100% of full pay. Sick leave may be used during the waiting period in conjunction with an industrial injury, (if the time off due to industrial injury is of such length that the Workers' Compensation insurance carrier picks up the waiting period, such compensation shall be returned to the District.) Accumulated vacation time or compensatory overtime pay may be used as sick leave at the employee's request.

7.2 If a holiday falls when an employee is on sick leave, he/she will be paid for holiday and not charged for sick leave.

7.3 If an employee reports illness, he/she must notify the District prior to the start of each workday during the duration of the illness, unless in the case of longer term illnesses, the employee receives a waiver of the requirement. Where an absence will be the result of a non-emergency doctor or dental appointment, the employee must give the District as much notice as possible of the intended absence. In cases where in the District's opinion an employee is abusing sick leave, the District may require a physician's verification of illness. If the District does require a physician's verification of illness, it will notify a representative of the Union, stating the reason for such requirement.

7.4 Sick leave credit may be applied to make up the difference between payments from the Workers' Compensation insurance carrier and full salary when employees are off work due to industrial injuries.

7.5 Employees hired prior to July 1, 1995 who retire from the District at normal retirement age (currently 60 years of age), will be compensated in cash for the first twenty-two (22) days of unused sick leave. If the employee still has unused accumulated leave after the above formula, the District will compensate the employee for the balance of the unused accumulated sick leave in cash for up to but not to exceed an additional twenty-two (22) days.

7.6 Sick leave credit may be applied to make up the difference between payments from the State Disability Insurance Program and eighty-five percent (85%) of full salary when employees are off work due to disabilities covered by the State Disability Insurance Program.

7.7 An employee may use up to six (6) days earned Sick Leave (one-half of annual entitlement) per year to attend to an illness of the employee's child, parent or spouse. As used in this section, "child" means biological, foster or adopted child, a stepchild, a legal ward, or a child of an employee standing in loco parents. "Parent" means a biological, foster, or adoptive parent, a stepparent, or a legal guardian. "Spouse" means legally married husband or wife but does not include domestic partners. Sick leave utilized under this section is subject to all policies that apply to sick leave, including possible medical documentation.

7.8 Permanent full time employees who are hired after July 1, 1995 will be allowed to accrue a maximum of 200 days of sick leave during their service with the District. Accruals beyond 200 days will be redeemed at the rate of 25% of value on an annual basis. At retirement the
employee will be compensated in cash for up to 30 days, at full value, provided the employee has the accumulated time.

7.9 Catastrophic Leave Program (CLP) is designed to assist full time, regular employees (including bargaining as well as non bargaining) who have exhausted all paid leave due to a serious or catastrophic illness, injury of employee, or because the employee has been providing necessary care to a member of his/her immediate family who has a serious catastrophic illness or injury. The CLP allows other District employees to voluntarily donate vacation or compensatory time off (CTO) to an employee who meets the eligibility requirement so the recipient will be able to remain on paid status for a longer period of time, or until the employee qualifies for long term disability.

ELIGIBILITY: An employee in a full time, regular position may be eligible to participate in the CLP. An eligible employee must have a verifiable serious or catastrophic illness or injury, or have a member of his/her immediate family with a verifiable serious or catastrophic illness or injury which results in the employee being requested to take time off from work to care for that family member. The employee must have exhausted all vacation, sick leave, and CTO.

GUIDELINES:
1) The maximum number of donated hours an employee may receive in any calendar year is 1,056 hours, Subject to number three (3) below, there is no limit on the number of vacation or CTO hours, which may be donated.
2) A donating employee must have a minimum of forty (40) hours of vacation or CTO after making any donation.
3) Made and donated hours are used on an hour-for-hour basis regardless of the hourly rate of the donor or the recipient.
4) Donations are converted to sick leave, credited to the recipient, and paid when used at the recipient’s normal hourly rate of pay.
5) Unused donations will remain with the recipient.
6) All donations will remain confidential, except as required for administration of the program.
7) In any calendar year no further donations will be accepted after the recipient has received the maximum allowable under number one (1) above.

PROCEDURE:
1) An employee who has exhausted, or soon will exhaust sick leave, vacation and CTO, or the employee’s representative, must request the employee’s participation in the CLP on an application form and supply written verification of the illness or injury from the physician. The completed form will be given to the Human Resources Department.
2) The Human Resources Department will then notify employees District wide of the request (without identifying the individual(s).

ARTICLE XI
DEMOTION AND LAYOFF

11.1 When deemed necessary by the Board of Directors, a reduction in the District's work force may be initiated due to 1) lack of work, or 2) lack of funds, or 3) program or organizational reorganization resulting in a surplus of employees.

11.2 Insofar as possible a reduction in force shall be accomplished by attrition. However, when it is determined by the Board of Directors that attrition will not provide sufficient relief for the condition warranting a reduction in the number of District employees, the Board will determine specific classifications effected by the lay-off.

11.3 Regular full time District employees will be laid off according to the specifics set forth below. Overall District seniority shall be the determining factor in conjunction with the following requirements:

(a) Temporary and part time employees shall be laid off first. In the case of the temporary class of Night Patrolperson, layoff will occur only if a sufficient number of regular full time District employees who would otherwise be displaced are willing to accept the positions as set forth by the requirements of the class. In the case of part-time temporary employees at the Parks Department, the same conditions apply as outlined for Night Patrolperson.

(b) Bumping Rights: Affected employees may bump down and displace employees with less seniority in the same classification, or in an equal or lower classification provided they have previously held the classification and possess the *physical abilities to execute the physical requirements of the class. In the case of DSO's, for the purpose of the layoff procedures, the assumption will be made that DSO's by virtue of winter work programs, meet the criteria for having held the classification of Utility Person 1. Employees who held a classification and then were demoted or otherwise removed from that class for disciplinary reasons will not be eligible to bump back into a the class they were removed from. Employees wishing to bump into the DSO ranks must also pass the written examination established for entry to the class. Employees who are successful in bumping into the DSO ranks will be subject to a 60 day performance evaluation by their SDSO and the Irrigation Department Superintendent. Should this performance evaluation be "below standards", that employee shall be laid off and a previously displaced DSO shall be recalled to fill the vacancy.

* Determination, at the discretion of the District, may include a complete physical examination by a physician selected by the District at no cost to the employee.

11.4 Permanent District employees laid off under the above provisions shall, within one year of layoff, have preferential rehire rights by District seniority to a job within the District before new employees are hired to fill the vacancy. It is the responsibility of the laid-off employee to keep the District informed of his/her current address and telephone number. Failure of the employee to report to work within 6 working days after notification of recall will preclude the employee from re-employment and cause the forfeiture of preferential rehire rights.

11.5 An employee who is demoted to a position in a classification with a lower salary range than the classification which he/she formerly occupied shall receive the nearest lower monthly salary in the new salary range as of the date upon which the demotion became effective.
11.6 For the purpose of further annual increases within the salary range, the employee shall receive a new anniversary date.

11.7 In the event of transfer from one position to another in the same salary range, the employee shall be compensated at the same salary rate he/she previously received; his/her salary anniversary date shall not be changed.

ARTICLE XII
SENIORITY

12.1 Defined. A regular employee's seniority is defined as his/her most recent period of unbroken, continuous service with the District. A regular employee shall not attain seniority until he/she has completed the probationary period as described in Section 1.6, at which time his/her seniority shall relate back to the date of his/her last employment. In the event two or more employees have the same seniority date and a need exists for a seniority determination, length of any prior services with the District will determine seniority. Should length of prior service still result in identical dates, the following shall apply: If two individuals are involved, a coin toss, administered by the senior shop steward, with the two individuals present, shall determine. Should more than two individuals be involved, the Union Business Representative and the Senior Shop Steward shall make the decision.

12.2 Continuous Employment. "Continuous Employment" as used herein shall be construed to include time actually worked, vacation time, time on paid sick leave, absence due to industrial injury, compensatory time, the first fifteen (15) days of authorized leave of absence without pay and military leave of absence. Continuous employment will be deemed to be broken by termination of employment by reason of: (1) resignation; (2) discharge for cause; (3) layoff for more than twelve (12) consecutive months; (4) failure to return immediately on the expiration of a leave of absence; or (5) unauthorized absence without pay for more than three (3) consecutive workdays. Continuous employment will be suspended and will not accrue when an employee is on authorized leave of absence or layoff without pay for more than fifteen (15) calendar days.

ARTICLE XIII
SAFETY

13.1 The Board of Directors desires to maintain a safe place of employment for District employees, and to that end, District management shall make all reasonable provisions necessary for the safety of employees in the performance of their work.

13.2 Regular "tailgate" meetings will be held on all jobs to plan the job and emphasize safety on the job.

13.3 Regular safety meetings will be held periodically for the purpose of reviewing accidents and preventing their recurrence, eliminating hazardous conditions and familiarizing employees with safe work procedures and applicable State Safety Orders.

The purpose of such inspections shall be to ascertain unsafe working conditions and to
recommend measures to be taken for correction thereof. Said committee shall also investigate all serious accidents. The District will provide employees with the necessary protective clothing required in the performance of their duties.

13.5 The District shall report to the Union any industrial injury which has been reported to the District. Said notice shall be furnished to the Union at the same time the District reports the injury to its Workers' Compensation claims administrator.

13.6 On-the-job accidents are covered by the District's Workers' Compensation Self Insured Program. It shall be the duty of all officers and employees to make an immediate report of accidental injury, while working, to their supervisor or the Director of Administrative Services. Any recurrence of an old injury requiring medical treatment or hospitalization also must be reported immediately; failure to do so will result in delay of compensation or more serious difficulties.
ARTICLE XIV
INCLEMENT WEATHER PRACTICE

14.1 Employees who are unable to work in the field because of inclement weather or other similar causes will receive pay for the full day, provided they have reported for duty. During such day they may be held pending emergency calls, may be given first aid, safety or other instruction, or they may be assigned to perform miscellaneous duties in sheltered locations. District supervisors will be responsible for determining whether weather conditions warrant cessation of outside work. In arriving at a decision with respect to weather conditions, the supervisor shall take into account such factors as: (a) employees' health and safety, (b) undue hazards, (c) operating requirements, (d) service to the public, (e) job site working conditions, (f) anticipated duration of time required to leave unfinished job in a safe condition, (g) anticipated duration of inclement weather, and (h) distance from job site to operating headquarters.

During each calendar year, employees living on the District's recreation area properties shall be eligible for payment by the District of up to 1,500 kilowatt hours of electricity each month. For any usage over that amount, the employees shall be charged on a quarterly basis at the then-current P.G.&E. domestic rate. If the employees use less than 1,500 kilowatt hours per month, the amount of such underage may be used to offset prior or subsequent overages in the same calendar year; provided, however, that any such underage may not be carried forward into a subsequent calendar year or be used to offset overages in a prior calendar year. In order to be eligible for payment of electricity charges hereunder, the employees must sign an agreement with the District wherein they agree to permit the District to deduct from their paychecks the charges for any overages as hereinabove described.

15.5 The District will pay for all transportation, expenses, and materials of any employee to complete any training program or business trip required in the course of their employment with the District. This includes seminars, JPIA required driver training, symposiums, and college courses such as the irrigation classes at Cal-Poly San Luis Obispo.
