Dear Mr. Dalzell:

Since 1988, outage recognition programs which award paid time off for achieving defined outage goals have been offered to employees performing work on refueling outages at the Diablo Canyon Power Plant (DCPP). The most recent agreement, L/A 09-45, covered the Steam Generator Replacement Outages (2R15 and 1R16).

Performing safer, shorter and less expensive outages remain primary and important goals of PG&E and for that reason the Company is proposing incentive programs for the next refueling outage, 2R16.

This program is shown as Attachment A.

If you are in accord with the foregoing and attachments and agree thereto, please so indicate in the space provided below and return one executed copy of this letter to the Company.

Very truly yours,

PACIFIC GAS & ELECTRIC COMPANY

By: /s/ Stephen A. Rayburn
