PHOTO BY MEMBER AT DIABLO CANYON RECEIVES HONORABLE MENTION

As reported earlier, Local 1245 member Jim Zimmerlin received an honorable mention in the IBEW Photo Contest. We have obtained a copy of Zimmerlin's photo, which shows welding work at PG&E's Diablo Canyon Power Plant, and feature it below. First place in the contest went to Local 1245 member Robert Mettalia, whose photo appears in the March-April issue of the Utility Reporter. Both photos were featured in the Winter 2008 IBEW Journal. Mettalia's photo was featured earlier on this website and appears in the March-April 2008 issue of Utility Reporter.

Congratulations to both of these Local 1245 members.
