

LABOR AGREEMENT INTERPRETATION

205.8

SUBJECT: Application of Section 205.8

TITLE 205 - JOB BIDDING AND PROMOTION - Physical Agreement

There has been some question as to the meaning of the term "next lower classification" as it is used in Subsection (a) of Section 205.8. To eliminate the confusion, Company and Union agree that "next lower classification" as used in Subsection 205.8(a) includes the classification shown as next lower in the applicable line of progression and all other classifications in which classification seniority accrual is provided for in such next lower classification.

For Union /s/ Ronald T. Weakley
Its Business Manager

For Company /s/ V. J. Thompson
Its Manager of
Industrial Relations

EXAMPLE:

LA 1 120-65

205.8

Under the interpretation above, the Senior Line Truck Driver and Street Light Maintenceman are both considered as a "next lower classification" to Apprentice Lineman. Therefore, Section 205.8 is applicable to this employee's bids to Apprentice Lineman in Hayward until 2/1/62 and in Fremont until 6/1/62.
