

REVIEW COMMITTEE DECISION

Review Committee File No. 492
Humboldt Division Grievance No. 19-63-6

Subject of the Grievance

A Light Crew Foreman submitted a bid on an Apprentice Fitter job in Arcata which had been posted in the September Employment Bulletin. He was notified on September 20, 1963 that he was the successful bidder to the vacant job and was placed on the job that date. On September 24, 1963, the Division received a letter from the grievant requesting that his bid be withdrawn. This request was not acted upon at that time as the grievant had worked several days as an apprentice. Later, on October 24, 1963, the Division reinstated the grievant as a Light Crew Foreman.

Discussion

Following the submission of a grievance, requesting that grievant be paid as a Light Crew Foreman for the period concerned in this grievance, the Division offered to pay him as a Light Crew Foreman retroactive to September 25, 1963. The question remaining then is the rate of pay the grievant should receive from September 20, 1963, the date he reported for work as an Apprentice Fitter, to September 25, 1963.

Decision

In this case, as the Division has reinstated the grievant as a Light Crew Foreman, it is the decision of the Review Committee that such reinstatement shall be effective September 20, 1963. The grievant's pay shall be adjusted accordingly.
