Company and Union are in accord that the provisions of Section 202.3 of the Agreement dated September 1, 1952, may be interpreted to allow the interchange of work days and non-work days in an employee's workweek without payment of overtime compensation, provided work is available for the employee, and if such a change is made to give him ten work days at the straight rate of pay in the payroll period involved whereas otherwise he would have worked less than ten days by following his regularly scheduled workweek.

Such a revision of schedule is not to be made if payment of overtime is required by reason of Fair Labor Standards Act.
