

# PG&E Contract Extension

Now is the right time to extend the IBEW contracts with PG&E for one year.

- ✓ It's a **toxic economic climate** for general bargaining right now. PG&E is facing fines & penalties of up to \$4 billion, and criminal charges stemming from San Bruno.
- ✓ The proposed **general wage increase of 2.75%** for both Physical and Clerical next January is well above the current inflation rate of 1.1%.
- ✓ **Ad Hoc negotiations** give us an alternative way to make progress on key issues in 2014.

Your vote is important!  
Ballots will be mailed to  
members on April 18, and  
counted on May 16.

The IBEW 1245  
Bargaining Committee  
unanimously supports the  
PG&E Contract Extension.
